Education

Bachelor of Science in Computer Science, *Minor in Mathematics*

- Washington State University *Pullman, WA*
- *Fall 2024 – current*
- *GPA 4.0/4.0* (expected)

Awards

- *President's Honor Roll* (expected)

Relevant courses

- Computer Science, Systems Programming C/C++ & Java, Design and Analysis of Algorithms
- Mathematics
- Japanese

Skills

- Java, JavaScript, Python, C, C++ , C#, HTML
- MS Office (Word, PowerPoint, Excel)

Experiences

- **Organization:** *Member of the TLoZ: Skyward Sword SD/HD Randomizer (SSR/SSHDR) development team*
- **Community Service:** *Assists speedrunning/randomizer community members*
- **Experiences:** *Wrote an illustrated 40,000-word guide to play through SSHDR, beta tester for SSHDR, and games under the ZQuest Classic engine*

Profile

- Passionate gamer with expertise in speedrunning, real passion for the Nintendo world and community.
- Speedrunning provided valuable skills for identifying, reporting, and fixing high-quality bugs with consideration for value to the player and development partners.
- Proficient in game design and programming to anticipate areas likely to contain bugs.
- Obtaining an internship at the Nintendo Redmond site as a game tester is a dream of mine.
- Excellent understanding of Japanese culture and knowledge of the Japanese language are beneficial for working successfully with the development team.

Projects

June 2024 - current

Community Manager *(personal group project)*
Discord TLoZ: Skyward Sword Randomizer community of ~1800 members
- *Elected with 81.6% of votes as staff member, owner of the server*
- *A randomizer is a modified version of the game that shuffles or changes the game to create a unique and unpredictable experience every time*
- *Makes sure the community is safe, free of piracy, and upholds justice*
- *Helps with technical issues and writes ever-evolving public guides to assist community members, regardless of their experience*

2021 - current

Zelda Speedrunning *(personal group project)*
3D Zelda speedrunner and glitch hunter
- *World Top 5 of TLoZ: Majora's Mask 3D (MM3D) No Wrong Warp, World Top 3 of TLoZ: Skyward Sword HD 100% NG+*
- *Discovered bugs and exploits that contributed to improving top times*
- *Achieving top speedrunning times requires personal knowledge, community research, keen attention to detail in finding exploits and bugs, and the diligent optimization of movements to the fullest extent of human ability*

Other Experiences

2021 - 2022

Care (play therapy) for a young boy with autism spectrum disorder *(personal project, Paris, France)*
- *Incredibly rewarding experience, as it involved finding different ways of communicating, and once the connection had been established, I knew I had helped to improve his daily life.*

2012 - 2024

High-level swimming *(personal group project, France)*
- *Participated in national competitions until 2020 (injury)*
- *Youth training*
